

The Ethanol and DDGS market in Greece

The Ethanol and DDGS market in Greece was a market research project, lasted more than three months.

We investigated:

- the alcohol beverages market in Greece
- main producers and traders in various subsectors
- the market size
- production
- consumption
- forecasts

During the project we contacted by phone and mail more than 150 companies, associations, regulatory and government bodies.

The report was accompanied by a list of full company data - main and contact information.
